

The Newbank service offered by the Lowell library has an added feature during January. For one month a C. D. ROM (Compact-Disc Read-Only Memory) computer is on the newsbank. It provides an index to the many articles contained in newsbank. The terminal, keyboard, and printer is easy to understand and fun to use. Everyone is invited to view this "high-tech" device at the Lowell library.

Lowell Public Library

250 North Fremont Street
