TWELVETH ANNUAL STUDENT ART EXHIBIT

"A CELEBRATION IN COLOR"

It's May and nature is spreading its spring colors for all to see. The Lowell Public Library will also be alive with wonderful colors when the Friends of the Library present their twelveth "Annual Student Art Exhibit."

Held the week of May 18, the exhibit will showcase the works of talented Tri-Creek area students in grade K through 5.

One never knows what to expect from the creative young minds of the student artist. Last year's entries covered a multitude of art forms. Pastels, oils, ink drawings, paper mache, weaving, stencil and a variety of other medium hung from the library ceiling or rested on tables and shelves. Many of the pieces showed concern for the environment while others were whimsical or of images close to home.

The annual event is very popular with library patrons and is a wonderful way to encourage youngsters to continue to express themselves through art.

An awards presentation and reception in honor of the young students' achievements will be held Thursday, May 21 at 7:00 PM. There will be a first, second, and third prize awarded at each grade level as well as a Best of Show.

Families of the students are invited to attend the reception. Friends of the Library will serve refreshments and a drawing for door prizes will be held for the art students and other children who attend the reception.

Tri-Creek area youngsters from Shelby and Schneider, are also invited to display their artwork at the branch libraries the week of June 1.

The Friends of the Library look forward to honoring these young students and invite the community to visit the library during this exhibit to view the wonderful examples of the children's creativity that will be displayed.
